

Share Code List Instructions

The Remote Play Machines report has been upgraded to display share codes along with the Screen ID's. This makes it easier to give borrowers your codes. Follow the instructions below:

1. **Enable "Remote Play" & "Enable Sharing"** of your Galaxy 3's at each location you would like to allow Remote Tournaments to be played:
 1. Click on **Master**
 2. Click on **Machines under Locations**
 3. Click **Edit** next to the machine you would like to enable for remote play.
 4. Click on **Enable Remote Play & Share this machine**
 5. Click **Save**
